Bavaria

Visualize | Realize | The leather you imagine, and more.

Select Bavaria for its luxurious feel, install it with confidence. Bavaria is a high-quality, full grain, heavyweight leather made from clean, sturdy South German hides with a rich, textured pebble. Bavaria is also protected against abrasion and wear, is resistant to staining, and is treated with added flame retardants to meet aviation, marine and the most stringent contract performance requirements.

Note: Environmentally friendly Bavaria is solvent and lead free, emits low VOCs and has achieved an Indoor Gold Advantage certificate from SCS.

Technical Specifications

Origin	Germany
Raw Material	Full grain, South German bovine
Leather Type	Semi-aniline
Hide Size	55 – 60 sq.ft.
Thickness	1.4 – 1.6 mm
Abrasion Resistance	ASTM D7255: CS10 Taber Wheel 500 Cycles/1000 gram weight
Light Fastness	ISO 102-B05: Blue Wool Scale \geq 4
Wet Crocking	ASTM D5053: Class 4
Flame Resistance	NFPA 260: Class 1; CAL TB117–2013; FAR 25.853(A)(I)(II); IMO 2010 FTP Part 8 (A.652(16))
Performance Category	3
Cleaning Code	3

Performance Category 2

Leathers with Performance Category 2 retain their natural appearance while carrying additional protections against abrasion, staining and color fading. Aniline leathers with some protection and semi-anilines are found here. These leathers are suitable for a wide range of applications across a wide range of wear and stain risk, such as those found in commercial settings and dining areas. More information is available on our website at cortinaleathers.com/resources/performance.

Care & Cleaning Code 3

Semi-aniline leathers are protected against scratching and scuffing and designed to maintain their beauty over time. Very little care is required—general upkeep requires only an occasional dusting with a clean cloth. Never use oils, saddle soaps, harsh cleaners or cleaners containing abrasives on semi-aniline leather. Periodically, you may wish to gently wipe the leather with a clean, damp cloth to remove accumulated soil, then allow it to air dry. Should a spill occur, blot (pressing gently without rubbing) immediately to avoid permanent discoloration with clean, dry sections of an absorbent cloth. Should soiling remain, a solution of lukewarm water and a mild soap such as Ivory® or a mild cleanser such as Woolite® may be used. Dampen a clean white cloth in the solution and gently wipe the affected area using a circular motion. Never apply the solution directly to the leather. Rinse completely with clean cloth which is damp with plain water until all cleaner is removed. Blot dry with a paper towels or dry cloth and allow to completely air dry. It may be necessary to repeat this procedure, allowing the leather to completely dry between applications. To avoid harming the leather, do not rub vigorously or for an extended period. It may not be possible to remove all stains from this natural product. More information is available on our website at cortinaleathers.com/resources/care-cleaning.

Warranty

Leathers with Performance Category 2 have a 1 year limited warranty against manufacturing defects. See complete details at cortinaleathers.com/resources/warranty.
