Bremen

Visualize | Realize | The leather you imagine, and more.

Bremen is a nubuck of the highest quality, featuring a unique, textured grain and a broad selection of bold, designer-curated colors. Buffed to achieve a suede-like feel but with the strength of a top grain leather, Bremen is a pure aniline treated in the tanning drum for stain and water resistance.

Note: Environmentally friendly Bremen is solvent and lead free, emits low VOCs and has achieved an Indoor Gold Advantage certificate from SCS.

Technical Specifications

Origin	Germany
Raw Material	Top grain, South German bulls
Leather Type	Pure aniline, nubuck
Hide Size	55 – 60 sq.ft.
Thickness	1.4 – 1.6 mm

Performance Category 1

Leathers with Performance Category 1 are considered by many to be the most beautiful and authentic leathers, most likely because they are least protected. These leathers include pure anilines, aniline leathers with less protection, nubuck leathers, suedes, etc. All Category 1 leathers are protected with water repellency to resist water spotting and are expected to patina, wear and age gracefully over time, making them perfect for many applications. However, these leathers are not recommended for uses where they will be subjected to heavy staining, abrasive wear or direct sunlight. More information is available on our website at cortinaleathers.com/resources/performance/.

Care & Cleaning Code 6

For general upkeep occasionally vacuum these leathers using an upholstery attachment and occasionally brush the nap using a soft-bristle suede upholstery brush. All Cortina Leathers' suedes and nubucks are treated in the drum for water repellency, and can be maintained with reasonable care. However, we advise immediate attention in the event of spills or soiling. For spills, blot (pressing gently without rubbing) immediately using clean, dry sections of an absorbent cloth and brush to restore the nap. If soiling remains, minimally dampen a clean cloth with water and gently dab—never rub—the leather. Use a soft brush to restore the nap. Avoid over-wetting this leather to prevent discoloration. Visit cortinaleathers.com/resources/care-cleaning/ for more information.

Warranty

Leathers with Performance Category 1 have a 1 year limited warranty against manufacturing defects. See complete details at cortinaleathers.com/resources/warranty/.
