Cuyahoga powered by CRYPTON

Stain resistant | Bleach cleanable | Antibacterial

Finished near the confluence of Lake Erie and Cleveland’s famous river, Cortina Leathers’ Cuyahoga line of performance leathers delights all the senses, including your common sense. The touch is soft and yielding with an inviting grain texture. The scent is pure and unmistakably natural, revealed by the 100% water-based finishing treatments. The soft scrunch you hear as you sink into a luxurious Cuyahoga-upholstered chair brings immediate relaxation and calm. Upon closer inspection the subtle, two-tone color displays depth and an organic variability as it plays across the hide. But for all its beauty, the main attraction of Cuyahoga may be its exceptional performance and practicality. The leather is protected with Crypton against stains and wear, making Cuyahoga the perfect choice for high-traffic environments. With excellent color control and minimal natural markings, cutting yield is optimized. Cuyahoga is the smart and easy choice for the feel of luxury.

Environmental Stewardship: Cuyahoga is produced in a tannery which has achieved a gold rating as audited to the Leather Working Group environmental stewardship and traceability standards. Further enhancing its sustainability profile, Cuyahoga is finished without the use of solvents or lead and emits low VOCs.

Technical Specifications

Origin	USA
Raw Material	Top grain, aniline drum dyed
Leather Type	Semi-aniline, powered by Crypton®
Hide Size	48 – 52 sq.ft.
Thickness	1.0 – 1.2 mm
Abrasion Resistance	ASTM D7255: CS10 Wheel Taber 1,000 Cycles/1,000 gram weight
Light Fastness	ISO 102-B05: Blue Wool Scale ≥ 4
Wet Crocking	ASTM D5053: Class 4
Antibacterial	AATCC 100: 99.9% Reduction of Bacteria – AATCC 4352 Klebsiella Pneumoniae and AATCC 6538 Staphylococcus Aureus
Stain Release	AATCC 130–2000: 5 Rating (Excellent) for Coffee, Wine, Ketchup, Hair Products, Sunscreen, Betadine and Body Fluids; Withstands a 5% bleach solution
Flame Resistance	NFPA 260: Class 1; CAL TB117–2013; IMO 2010 FTP Part 8 (A.652(16))
Performance Category	2
Cleaning Code	5

CUYCY-9986 Cedar Point

Performance Category 2

Leathers with Performance Category 2 retain their natural appearance while carrying additional protections against abrasion, staining and color fading. Aniline leathers with some protection and semi-anilines are found here. These leathers are suitable for a wide range of applications across a wide range of wear and stain risk, such as those found in commercial settings and dining areas. More information is available on our website at cortinaleathers.com/resources/performance/.

Care & Cleaning Code 5

Cortina Leathers with Crypton® provide the industry's greatest stain resistance and cleanability. Stains which can be easily removed include wine, coffee, sunscreen, hair gel, hair mousse, vinegar, blood, urine and most other stains from food and typical soiling. Should a spill occur, blot (pressing gently without rubbing) immediately using clean, dry sections of an absorbent cloth or paper towels. Should soiling remain or for a more thorough cleaning, Cortina Leathers Universal Cleaner High-Tech Wipes® or a solution of lukewarm water and a mild cleaner, such as Ivory® soap or Woolite®, may be used. Dampen a clean white cloth and gently wipe the affected area using a circular motion. Rinse completely with clean sections of cloth which is damp with plain water until all cleaner is removed. Blot dry with paper towels or dry cloth and allow to completely air dry. Repeat the cleaning process as needed, allowing the leather to dry between applications. If necessary, Cortina's running-line Crypton protected leathers can be cleaned with cleaners containing up to a 5% bleach solution (Sodium Hypochlorite). However, most stains can be easily removed using just gentle soap and water or the readily available commercial and household cleaning products listed on our website.

Note: To ensure complete removal of any stain from Crypton-treated leathers, the cleaning process must be undertaken within 60 minutes of any spillage or staining occurring. Successful stain removal will become less possible over time, so always treat spills and stains immediately. Avoid the excessive application of cleaning products on seams or stitching. Visit cortinaleathers.com/resources/care-cleaning/ for more information.

Warranty

Leathers with Performance Category 2 have a 1 year limited warranty against manufacturing defects. Leathers with Crypton protection also feature a 3 year warranty for stain resistance. See complete details at cortinaleathers.com/resources/warranty/.
