Botanica

Véritable explosion verdoyante, « Botanica » laisse très largement entrer la végétation dans toutes les pièces de la maison. Éclotions exubérantes, foliations luxuriantes, épanouissements généreux... les tiges, les feuilles, les fleurs s'exposent sur les murs avec beaucoup d'énergie et d'éclat. Elles débordent de vie et splendeur pour créer une joyeuse atmosphère de plénitude et de sérénité.

Les illustrations présentent une profusion de détails réalistes et d'effets graphiques : des coups de crayon minutieux, des traits de pinceau voluptueux, des dessins à la craie pleins de charme ou un esprit gravure très délicat. Les impressions digitales font vibrer la richesse des couleurs, les encres irisées font briller leurs éclats chatoyants.

Succulentes, cactus, fleurs de chardon, et autres spécimens de la flore plus sublimes les uns que les autres sont stylisés, grossis en taille XXL, ou simplement reproduits à l'identique. Ils inventent des compositions originales, un jardin intérieur prospère et créatif. A vous de choisir le motif qui réveillera chez vous l'esprit de la nature, et les couleurs en harmonie avec votre home sweet home.

A real explosion of greenery. "Botanica" allows vegetation to enter all the rooms of the house. Exuberant blossoming, luxurious foliage, generous flowers...the stems, leaves and flowers explode on to the walls with dazzling energy. They overflow with life and splendour to create a joyful atmosphere of abundance and serenity.

The illustrations depict a proliferation of realistic details and graphic effects : meticulously drawn pencil strokes, generous brushstrokes, charming chalk drawings or delicate engraving style images. The digital prints bring the rich colours to life, the iridescent inks make their shimmering shades shine.

Succulents, cacti, thistle flowers and other floral specimens, each outshining the last are stylised, oversized or simply reproduced identically. They create original compositions, in a flourishing and creative indoor garden. It's up to you to choose the design which awakens the spirit of nature in your home, in the colours to suit your home sweet home.
